Welcome:

New member introductions

January Manager's Packet:

Newsletter was reviewed and approved with minor changes.

Packets will be mailed out by the end of the month, packets will include a Newsletter, 2006 Team Roster, Team Registration, Sponsor Receipts form, Letter of Intent for sponsors, a list of **TENTATIVE** Team Placement and a note informing managers that Sedivy Ln. will be closed from St. Patrick St. to the field entrance.

Mike will post a note on the web. "Contact Jena if you are a team manager and did not get a 2006 packet."

Complex Improvements

Beer prices will remain the same during 2006; we cannot lower the beer prices and still make improvements to the complex.

The Board will be meeting with Eric Farrar about selling advertising for the field fences.

2006 is the last year for warranty work to be completed on the scoreboards, Tim is working with Scott Clark with Clark Electric to make sure everything is sent in and repaired before the warranty expires.

Co-ed 2006

Cost will remain the same as in 2005. In 2006 we will change the men's ball to the State co-ed ball and eliminate the rule that men can only use wooden or single wall bats. All bats that are NOT on the ASA Banned Bat List will be allowed in the 2006 season.

Budget

2005 and 2006 budgets were reviewed and approved.

2nd Annual Easter Egg Hunt

Jena reminded everyone of the date and that we needed to get started on ideas for the prizes, etc.

Angie will ask to borrow the bunny costume again.

Terry Charlton mentioned calling his son Troy from Farmer Brothers, in regards to hot water and chocolate for Easter Egg Hunt – Angie will call him.

Respectfully submitted,
Angie Boeve,
RCSA Board Secretary
& Committee Member
