And the winners are:

There were some VERY close teams this year—just an fyi on how standings are calculated—1st by win/loss records, 2nd by head to head games, 3rd by total runs scored in the head to head games, 4th by total runs scored by both teams in the regular season, and lastly, if the teams are still tied, by the flip of a coin. This is also the process used when calculating standings for teams that had unequal win/loss records due to rain outs.

Season forfeits:

- 92 total forfeits -
- 1 team w/ 5 forfeits
- 3 teams w/ 4 forfeits ea.
- 7 teams w/ 3 forfeits ea
- 17 teams w/ 2 forfeits ea
- 20 teams w/ 1 forfeit ea

Thanks to the 134
teams

that did not
forfeit a
single game all
season!!
